Independent Auditor's Report

To the Management of Kosova Democratic Institute

We have audited the accompanying Balance sheet of the KDI - Kosova Democratic Institute Prishtina as of December 31, 2012 and related statements of Income and Cash flow for the year then ended.

Management's responsibility for financial statements

The management of the KDI is responsible for the preparation and fair presentation of the financial statements. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management of the KDI, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the KDI (Kosova Democratic Institute) as of December 31, 2012 and the results of its operations and its cash flow for the year then ended in accordance with accounting standards described in Note 2 to the financial statements.

The Financial Statements are prepared in accordance with the basis of accounting as set out in the agreements with donors. Accordingly, revenue is recognized on a cash basis when received and expenses are recognized on accrual basis when incurred. The amount of revenue received represents the contribution approved by Donors to cover expenses of the projects in accordance with agreements.

The surplus amount, representing the excess of revenue received over expenses incurred, is due to the Donors at the end of the period.

The Financial Statements are expressed in European Currency Unit (EUR). Revenue is received in Euro and for some funds in USD. For funds received in USD, exchange rate is calculated in the moment of the funds instalment. Expenses are incurred in Euro.
